The green side of innovation

March 16, 2012

In 2008, at least 20% of innovative enterprises in many EU countries had procedures in place to identify and reduce their environmental impact. EU skills and employment policies should help the transition to a green smart innovative economy (EU agenda for new skills and jobs). Such policies could accompany, support and even promote a reduction of environmental impact of economic activities... [Read more](#)

EU meets social partners on contributions to boost growth and combat joblessness

March 14, 2012

The President of the European Commission, the President of the European Council, and Danish Prime Minister – for the Presidency of the Council – met at the Tripartite Social Summit with European workers' and employers' representatives. The Summit focused, in particular, on the social partners' key role in EU governance and their important contribution to restoring jobs and growth... [Read more](#)
